III. Call to the audience

DISCUSSION NOTES	<p>Principal Report – Rodeo break coming up this Thursday/Friday. Principal Cadre will be coming out to the school on Thursday, February 27th. Benchmark testing starts next week. We will be starting our new Teams program as a 6th grade prototype only. Starting slow to allow students and teachers time to adjust. Job fair at the TCC on March 1st. Great budget meeting yesterday. The school is going to continue to aim for enrollment to remain around 600 students or more. Councilors, Coaches, and Principal are planning to head to feeder schools to encourage enrollment.</p> <p>PTSA Report – Want to put together a team to help support 8th grade promotion on May 22nd. PTSA wants to hold a school dance for 8th graders around the time of promotion. Need to consider the logistics of securing the dance and issues the school has had with dances in the past. These issues include fights on and off campus and parents picking up students in a timely manner.</p> <p>TEA Report – No new updates. New contracts should be coming soon.</p> <p>Site Council undesignated funds – Current funds available are \$5,055.55.</p>
CONCLUSIONS	Still need to encourage tax credit donations.

V. Action Items

ITEM TITLE	Request for sports equipment for afterschool clubs not to exceed \$2,100
DISCUSSION NOTES	Coaches are planning to start after school clubs during the off season of various sports. These clubs are to help keep students active and interested in playing sports. It is also to help encourage 6 th graders who might otherwise be nervous to join the full team. The club would need to purchase various balls and pumps. Equipment would be kept separate from P.E. equipment. Motion for afterschool club sports equipment not to exceed \$2,100 by Stensel Cruz and seconded by Cecy.
RESOLUTION	
	Motion Approved.

VI. Discussion/information items

ITEM TITLE	Location of site council purchased C.O.W and various technology on campus
DISCUSSION NOTES	Cite council purchased a C.O.W in 2020. After reaching out to Ms. Wineinger, it has been identified that the Chromebooks purchased by the school have been handed over to the district by the VILS tech team on campus. We also discussed that the removal of loaner laptops from the classroom has increased the challenge of using technology in the classroom. Though we are a VILS school this challenge is making teachers turn away from using technology instead of having to send students to get loaner ipads from the library. The solution of having students get loaner iPads makes classroom management much more challenging. Giving out lunch detentions for not bringing a device will likely not lead to students caring more about their ipad.
RESOLUTION – PEEBLES WILL DISCUSS WITH JASON FREED AND PSENICKA ABOUT TECHNOLOGY ON CAMPUS
